JUNE 26, 2025

Light of the World Foundation
Autor: Mirka Kalume

Dear friends

We greet you in the name of Jesus and at the same time we send greetings to all of you**. May ... ,, grace and peace be given to you in abundance through the knowledge of God and of Jesus our Lord. - 2P. 1:2**

A few words from us. Some time ago, the long-awaited rainy season began. Personally, I really like this period, it is a bit cooler and more pleasant. For many Kenyans, however, this is real winter and for them it is not strange to put on a jacket at a temperature of 22 degrees Celsius.

Due to the constant rains, thanks to the help of donors, we have increased the number of water tanks. We have purchased 2 tanks that will allow us to collect rainwater.

Children in Kenya are currently writing their mid-term exams, after which they have a break of several days to rest, as per government regulations.

In the second semester, which we started at the end of April, selected children participate in inter-school competitions. The younger children presented a song and a poem and took 3rd place in the region. Older children participate in games such as football, volleyball, basketball. The best teams move on to the next level. The sports season has only just started and we will have to wait for the results. Of course, we are wholeheartedly supporting our students and we believe that, just like us, they are desperate to go further.

The long-awaited plot of land for the farm is taking shape. The goat house is ready and soon the long-awaited henhouse for both chickens and turkeys will be built.

As always, we are grateful to God for your support. We always give gratitude to him that the children have a better school (compared to any local schools in the area) and are served various types of meals and snacks.

This semester our librarian, who spent almost 2 years with us, also left our Institution. Esther chose full-time studies in another region of Kenya. We wish her all the best and entrust God to provide and guide her in her future plans.

This made it possible to hire a new lady for the library. On our side, we count on a pleasant cooperation with the rest of the staff and the students. This semester we have already moved a step forward - we have started to lend books home, hoping that the students will be responsible and will treat these books with respect.

Encouraged by the word of God from the letter to the Galatians 6:9 **-,,Let us not give up in doing good, for when the time comes, we will reap a harvest if we do not give up in the work"** - we continue to conduct our daily Bible studies with teachers and visit families in the area, preaching the gospel, believing that the Holy Spirit will change their hearts.

Over a year ago, a desire was born to build a hall that would serve various types of meetings for both children and parents, or meetings with leaders of nearby churches. God was so good that he has already partially provided for this project. The hall is to accommodate 300 people. We ask you for prayers so that with God's help, despite all the challenges, the hall will be ready, even in a raw state, by the end of July.

Soon we are expecting a group of volunteers from Poland and beyond - this time we will also have 2 sisters in Christ from Scotland. God is so good, because it is clearly visible that He is broadening horizons by sending more and more hands to help. Praise Him for care and provision.

We invite everyone to join us in prayer, entrusting this time together to the Holy Spirit, we pray for unity and wisdom and complete submission to the Holy Spirit.

In closing this letter, I encourage us all to remain in love for one another **- 1P. 4:8 because as the Bible says that without love we are like resounding gong or a clanging cymbal - 1 Cor. 13:1**

with greetings and blessings
