

SEPTEMBER 24, 2025

Light of the World Foundation
Autor: Mirka Kalume

Dear friends

Thank you so much for your prayers and continued support, which helps the school to grow and serve almost 300 children.

However, in all of this, we do not forget the Highest God Himself, who from the very beginning has cared, provided, protected, and guided us in all activities. We give glory to Him.

However, this journey with Him is full of surprises; these are pleasant things, but there are also mountains to be overcome, challenges that at any given moment seem greater than God in human minds.

But most importantly, our hearts must always see God's presence in our lives. In keeping with Psalm 34, which encourages us to praise the Lord regardless of circumstances**...**

''we will bless the Lord at all times; His praise is always on our lips; our soul will always boast in the Lord. Let the humble hear and be glad."

The time flies here so much.

Many things have happened since our last letter.

In July, we hosted Pastor Paul. During his visit, meetings were held with leaders and elders of local churches. The meetings lasted not more than five days, but we were glad that together we could serve and build a strong foundation for the local churches, as well as encourage them to persevere in God’s calling.

Pastor also helped with computer lessons. We assure you that, everyone who comes to visit and is willing to serve, will always find something he/she is good in it. We appreciate all help. Together we grow and move.

For the first time, we also had an opportunity to host Scotish ladies d (Caitlin and Evans), who inspired many of the children with their energy and different activities that built their faith. The children were joyfully dancing and singing to the Lord and their smiles were truly inspiring.

Thank you for visiting and we hope to see you soon again.

As usual, every year, Agata and Klaudia were with us during the summer (June-July). Klaudia excels at leading activities with older children. This year, she focused primarily on religious education and evangelization for this age group. Agata helped wherever needed, but primarily, she and Magda worked on preparation for VBS program in August.

During their stay, in the afternoons, the girls visited the children's families, where they had the opportunity to share the Word of God. Sometimes the situation they found themselves in led them to provide physical assistance, such as repairing a roof or taking a child to the doctor.

In August, a group of 10 volunteers arrived. This time, amongst them were two new members, that is Ania and Edyta. Both thrived powerfully in working with others. In this year 's program we ran seven different groups, divided according to the age. In total, we had approximately 120 children per session. The children learned new songs of praise and Bible verses.

They listened to the parables of the Good Samaritan, the mustard seed, the parable of the 10 virgins, the lost sheep, and many others. Each day was filled with various activities like; crafts, drawing and crossword puzzles that required a bit of imagination.

Throughout the program, we also organized a sports day. We invited a neighboring school to a volleyball match, and after the match, Greg ministered the Word of God.

On Sunday, the group visited a local church, where they sang a song together and Pastor Andrzej shared the Word of God. The community warmly welcomed the guests. At the end of the service, the children received sweets and balloons.

Besides the classroom activities, Ania also focused on training young girls in hand-sewing sanitary pads (not everyone here can afford them).

Two weeks of working together flew by, and with that, it was time to say goodbye – until we see each other again God's willing.

Shortly after the group's departure, we began the last school semester of this academic year. The children are preparing for their final exams. This year, over 20 children are graduating from primary

school and will begin junior school next year. Twelve children are graduating from junior school and will thus be ready to begin high school.

We entrust all those who will sit for the national exams to our prayers, and we ask you to remember them in yours as well.

As every year, the group surprised everyone with their professionalism and commitment which glorifies God. Our staff was always there to help, so in November, we have planned to organize a week-long camp for children.

The water filtering machine is doing its job. Now, especially without rain, the children are thirsty for water, and this is evident in the number of containers they bring to school.

In our last letter, we also wrote about the work we had begun on the construction of the auditorium. Work is progressing, as you can see in the photos; we will begin to work on the roof soon. Thank you for your support and prayers.

Once a week, we continue evangelizing outside the school, and we believe that our work will not be forgotten, but that it will bear fruit in due time.

.

As we conclude this letter, we entrust all of us into the hands of Jesus, and in accordance with **Romans 15:13, "May the God of hope fill us with all joy and peace in believing, so that by the power of the Holy Spirit we may abound in hope."**
